SPONSORSHIP

SPONSORSHIP

Education is the key to the future wherever you are in the world. The only trouble is that quality education is not always available.

"The Sponsorship program helped me a lot, because I got knowledge from Kigali Christian School and I am still there." said Albertine who became part of the sponsorship program in 2008 after her parents could not afford school fees anymore. About the impact of KCS on her life the grade 12 student continued "They gave me leadership skills because I was also a leader and they also helped me grow spiritually."

In Rwanda, public education is affected by a severe lack of resources and quality. Because of this, kids from the poorest backgrounds often receive a poor education and don't get the chance to escape from the poverty that surrounds them.

Therefore, since 2007, Greater Vancouver Youth Unlimited partners with Kigali Christian School to provide scholarships for children who otherwise could not afford quality education. Because of you, Albertine is not the only success-story.

KCS, a private school operated by Rwanda Youth for Christ, provides excellent education to train leaders in all fields to move Rwanda forward. While KCS seeks to keep their fees low, 20% of the 1700 students cannot afford to pay. KCS has a high reputation because of the quality education. The unique structure of KCS allows students from all social and economic backgrounds to learn side-by-side.

Sponsoring a child for \$50 per month (\$600/year) provides school supplies, lunch every day for students who might not otherwise have a decent meal, and an excellent Christian education by loving teachers. By sponsoring one of these students, you can be a part of giving them the key to their future — a good education. Together we are investing into a new generation of Rwandan students who will impact their communities and society.

You can make a difference! Just have a look at the form attached, and decide which payment method suits you best. Then fill in the form and return it to Greater Vancouver Youth Unlimited at the address on the return card. We will send you information on the child you sponsor and you will receive regular updates on their progress.

"The sponsorship program is an opportunity to access the quality Christian education for students under poor conditions. This is allowing those students to dream for their bright future."

– Gilbert MUHIRE, Director of KCS

"The sponsorship program has been very encouraging to us - that children who would not ordinarily be allowed a quality education are now able to complete their schooling and hopefully contribute to their families and communities following Christ's leadership."

– Tineke, Sponsor since 2013
